³⁴ A Resolution Adopting the Revised Rules of Practice and Procedure of the Energy Regulatory Commission.

letter dated 20 September 2016 (see Annex “F” hereof), this Honorable Commission said that PSALM need not participate in the CSP due to the nature of its operations.

25. Also, this Honorable Commission recognized PSALM’s exemption from joining the mandatory CSP in its decision approving the application for the approval of the CSEEs and LOAs with the DUs under ERC Case No. 2016-186 RC.

ALLEGATIONS IN SUPPORT FOR THE ISSUANCE OF
PROVISIONAL AUTHORITY

26. PSALM acknowledges that the continued operation of the Contracting DUs is indispensable to the economic efficiency of the franchise area they service, not to mention the ripple effect of that efficiency on the economic growth of the entire country. In order for these DUs to continue lawfully drawing electricity from the grid, it is imperative that they enter into agreement/s with PSALM as Supplier for the supply of electricity, through a contract of sale for electricity, hence the respective CSEE.
27. A grant of Provisional Authority (“PA”) to execute the Subject CSEEs will ultimately redound to the benefit of end consumers
28. Attached as Annex “G” is the Judicial Affidavit of Engr. James Marvin A. Mamaradlo, the Corporate Staff Officer B of the Electricity Trading Department under PSALM’s Privatization and Asset Management Group, attesting to the truth of the above matters.
29. Pursuant to ERC Rules of Practice and Procedure, this Honorable Commission may exercise its discretion by granting a PA or an Interim Relief prior to a final decision.
30. It is understood that the PA or Interim Relief sought by PSALM, which may be granted by this Honorable Commission, shall be subject to adjustments and other conditions that this Honorable Commission may impose after its hearing and final determination.
