1. The BAC shall open the bids immediately after the deadline for submission and receipt of bids, and on the bid opening date.

3. Before the decryption of electronic bids, the Bidder shall confirm that what the BAC received and what the BAC is about to open is the same file that the Bidder uploaded.
4. The passwords for accessing the files will be disclosed by the Bidder only during the actual bid opening through videoconferencing, webcasting or similar technology. If the password fails to open the file, the Bidder should be given only three tries until the BAC could declare it to be disqualified.

The BAC shall open the first PDF file of the Bidder who submitted bids electronically to determine each Bidder's compliance with the documents required to be submitted for eligibility, that is, legal, technical and financial eligibility documents; and for the technical requirements.
