(c) Any other document related to the financial component of the bid as stated in the BDS.

13.2. (a) Unless otherwise stated in the BDS, all bids that exceed the ABC shall not be accepted.

(b) Unless otherwise indicated in the BDS, for foreign-funded procurement, a ceiling may be applied to bid prices provided the following conditions are met:

(i) Bidding Documents are obtainable free of charge on a freely accessible website. If payment of Bidding Documents is required by the procuring entity, payment could be made upon the submission of bids.

(ii) The procuring entity has procedures in place to ensure that the ABC is based on recent estimates made by the responsible unit of the procuring entity and that the estimates reflect the quality, supervision and risk and inflationary factors, as well as prevailing market prices, associated with the types of works or goods to be procured.
(iii) The procuring entity has trained cost estimators on estimating prices and analyzing bid variances.

(iv) The procuring entity has established a system to monitor and report bid prices relative to ABC and engineer’s/procuring entity’s estimate.

(v) The procuring entity has established a monitoring and evaluation system for contract implementation to provide a feedback on actual total costs of goods and works.

14. Alternative Bids

14.1 Alternative Bids shall be rejected. For this purpose, alternative bid is an offer made by a Bidder in addition or as a substitute to its original bid which may be included as part of its original bid or submitted separately therewith for purposes of bidding. A bid with options is considered an alternative bid regardless of whether said bid proposal is contained in a single envelope or submitted in two (2) or more separate bid envelopes.

14.2 Each Bidder shall submit only one Bid, either individually or as a partner in a JV. A Bidder who submits or participates in more than one bid (other than as a subcontractor if a subcontractor is permitted to participate in more than one bid) will cause all the proposals with the Bidder’s participation to be disqualified. This shall be without prejudice to any applicable criminal, civil and administrative penalties that may be imposed upon the persons and entities concerned.

15. Bid Prices

15.1. The Bidder shall complete the appropriate Schedules of Prices included herein, stating the unit prices, total price per item, the total amount and the expected countries of origin of the Goods to be supplied under this Project.

15.2. The Bidder shall fill in rates and prices for all items of the Goods described in the Schedule of Prices. Bids not addressing or providing all of the required items in the Bidding Documents including, where applicable, Schedule of Prices, shall be considered non-responsive and, thus, automatically disqualified. In this regard, where a required item is provided, but no price is indicated, the same shall be considered as non-responsive, but specifying a "0" (zero) or a dash (-) for the said item would mean that it is being offered for free to the Government, except those required by law or regulations to be accomplished.

15.3. The terms Ex Works (EXW), Cost, Insurance and Freight (CIF), Cost and Insurance Paid to (CIP), Delivered Duty Paid (DDP), and other trade terms used to describe the obligations of the parties, shall be governed by the rules prescribed in the current edition of the International
Commercial Terms (INCOTERMS) published by the International Chamber of Commerce, Paris.

15.4. Prices indicated on the Price Schedule shall be entered separately in the following manner:

(a) For Goods offered from within the Procuring Entity’s country:

(i) The price of the Goods quoted EXW (ex works, ex factory, ex warehouse, ex showroom, or off-the-shelf, as applicable;

(ii) The cost of all customs duties and sales and other taxes already paid or payable;

(iii) The cost of transportation, insurance, and other costs incidental to delivery of the Goods to their final destination; and

(iv) The price of other (incidental) services, if any, listed in the BDS.

(b) For Goods offered from abroad:

(i) Unless otherwise stated in the BDS, the price of the Goods shall be quoted DDP with the place of destination in the Philippines as specified in the BDS. In quoting the price, the Bidder shall be free to use transportation through carriers registered in any eligible country. Similarly, the Bidder may obtain insurance services from any eligible source country.

(ii) The price of other (incidental) services, if any, listed in the BDS.

15.5. Prices quoted by the Bidder shall be fixed during the Bidder’s performance of the contract and not subject to variation or price escalation on any account. A bid submitted with an adjustable price quotation shall be treated as non-responsive and shall be rejected, pursuant to ITB Clause 24.

All bid prices for the given scope of work in the contract as awarded shall be considered as fixed prices, and therefore not subject to price escalation during contract implementation, except under extraordinary circumstances. Upon the recommendation of the Procuring Entity, price escalation may be allowed in extraordinary circumstances as may be determined by the National Economic and Development Authority in accordance with the Civil Code of the Philippines, and upon approval by the GPPB. Nevertheless, in cases where the cost of the awarded contract is affected by any applicable new laws, ordinances, regulations, or other acts of the GOP,
promulgated after the date of bid opening, a contract price adjustment shall be made or appropriate relief shall be applied on a no loss-no gain basis.

16. **Bid Currencies**

16.1. Prices shall be quoted in the following currencies:

(a) For Goods that the Bidder will supply from within the Philippines, the prices shall be quoted in Philippine Pesos.

(b) For Goods that the Bidder will supply from outside the Philippines, the prices may be quoted in the currency(ies) stated in the BDS. However, for purposes of bid evaluation, bids denominated in foreign currencies shall be converted to Philippine currency based on the exchange rate as published in the Bangko Sentral ng Pilipinas (BSP) reference rate bulletin on the day of the bid opening.

16.2. If so allowed in accordance with ITB Clause 16.1, the Procuring Entity for purposes of bid evaluation and comparing the bid prices will convert the amounts in various currencies in which the bid price is expressed to Philippine Pesos at the foregoing exchange rates.

16.3. Unless otherwise specified in the BDS, payment of the contract price shall be made in Philippine Pesos.

17. **Bid Validity**

17.1. Bids shall remain valid for the period specified in the BDS which shall not exceed one hundred twenty (120) calendar days from the date of the opening of bids.

17.2. In exceptional circumstances, prior to the expiration of the bid validity period, the Procuring Entity may request Bidders to extend the period of validity of their bids. The request and the responses shall be made in writing. The bid security described in ITB Clause 18 should also be extended corresponding to the extension of the bid validity period at the least. A Bidder may refuse the request without forfeiting its bid security, but his bid shall no longer be considered for further evaluation and award. A Bidder granting the request shall not be required or permitted to modify its bid.

18. **Bid Security**

18.1. The Bidder shall submit a Bid Securing Declaration or any form of Bid Security in the amount stated in the BDS, which shall be not less than the percentage of the ABC in accordance with the following schedule:
<table>
<thead>
<tr>
<th>Form of Bid Security</th>

The Bid Securing Declaration mentioned above is an undertaking which states, among others, that the Bidder shall enter into contract with the procuring entity and furnish the performance security required under ITB Clause 33.2, within ten (10) calendar days from receipt of the Notice of Award, and commits to pay the corresponding amount as fine, and be suspended for a period of time from being qualified to participate in any government procurement activity in the event it violates any of the conditions stated therein as provided in the guidelines issued by the GPPB.

18.2. The bid security should be valid for the period specified in the BDS. Any bid not accompanied by an acceptable bid security shall be rejected by the Procuring Entity as non-responsive.
18.3. No bid securities shall be returned to Bidders after the opening of bids and before contract signing, except to those that failed or declared as post-disqualified, upon submission of a written waiver of their right to file a request for reconsideration and/or protest, or upon the lapse of the reglementary period to file a request for reconsideration or protest. Without prejudice on its forfeiture, bid securities shall be returned only after the Bidder with the Lowest Calculated and Responsive Bid (LCRB) has signed the contract and furnished the performance security, but in no case later than the expiration of the bid security validity period indicated in ITB Clause 18.2.

18.4. Upon signing and execution of the contract pursuant to ITB Clause 32, and the posting of the performance security pursuant to ITB Clause 33, the successful Bidder’s bid security will be discharged, but in no case later than the bid security validity period as indicated in the ITB Clause 18.2.

18.5. The bid security may be forfeited:

(a) if a Bidder:

(i) withdraws its bid during the period of bid validity specified in ITB Clause 17;

(ii) does not accept the correction of errors pursuant to ITB Clause 28.3(a);

(iii) has a finding against the veracity of any of the documents submitted as stated in ITB Clause 29.2;

(iv) submission of eligibility requirements containing false information or falsified documents;

(v) submission of bids that contain false information or falsified documents, or the concealment of such information in the bids in order to influence the outcome of eligibility screening or any other stage of the public bidding;

(vi) allowing the use of one’s name, or using the name of another for purposes of public bidding;

(vii) withdrawal of a bid, or refusal to accept an award, or enter into contract with the Government without justifiable cause, after the Bidder had been adjudged as having submitted the LCRB;

(viii) refusal or failure to post the required performance security within the prescribed time;
(ix) refusal to clarify or validate in writing its bid during post-qualification within a period of seven (7) calendar days from receipt of the request for clarification;

(x) any documented attempt by a bidder to unduly influence the outcome of the bidding in his favor;

(xi) failure of the potential joint venture partners to enter into the joint venture after the bid is declared successful; or

(xii) all other acts that tend to defeat the purpose of the competitive bidding, such as habitually withdrawing from bidding, submitting late Bids or patently insufficient bid, for at least three (3) times within a year, except for valid reasons.

(b) if the successful Bidder:

(i) fails to sign the contract in accordance with ITB Clause 32; or

(ii) fails to furnish performance security in accordance with ITB Clause 33.

19. Format and Signing of Bids

19.1. Bidders shall submit their bids through their duly authorized representative using the appropriate forms provided in Section VIII. Bidding Forms on or before the deadline specified in the ITB Clause 21 in two (2) separate sealed bid envelopes, and which shall be submitted simultaneously. The first shall contain the technical component of the bid, including the eligibility requirements under ITB Clause 12.1, and the second shall contain the financial component of the bid. This shall also be observed for each lot in the case of lot procurement.

19.2. Forms as mentioned in ITB Clause 19.1 must be completed without any alterations to their format, and no substitute form shall be accepted. All blank spaces shall be filled in with the information requested.

19.3. The Bidder shall prepare and submit an original of the first and second envelopes as described in ITB Clauses 12 and 13. In addition, the Bidder shall submit copies of the first and second envelopes. In the event of any discrepancy between the original and the copies, the original shall prevail.

19.4. Each and every page of the Bid Form, including the Schedule of Prices, under Section VIII hereof, shall be signed by the duly authorized representative/s of the Bidder. Failure to do so shall be a ground for the rejection of the bid.
19.5. Any interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by the duly authorized representative/s of the Bidder.

20. Sealing and Marking of Bids

20.1. Bidders shall enclose their original eligibility and technical documents described in ITB Clause 12 in one sealed envelope marked “ORIGINAL - TECHNICAL COMPONENT”, and the original of their financial component in another sealed envelope marked “ORIGINAL - FINANCIAL COMPONENT”, sealing them all in an outer envelope marked “ORIGINAL BID”.

20.2. Each copy of the first and second envelopes shall be similarly sealed duly marking the inner envelopes as “COPY NO. ___ - TECHNICAL COMPONENT” and “COPY NO. ___ - FINANCIAL COMPONENT” and the outer envelope as “COPY NO. ___”, respectively. These envelopes containing the original and the copies shall then be enclosed in one single envelope.

20.3. The original and the number of copies of the Bid as indicated in the BDS shall be typed or written in ink and shall be signed by the Bidder or its duly authorized representative/s.

20.4. All envelopes shall:

(a) contain the name of the contract to be bid in capital letters;
(b) bear the name and address of the Bidder in capital letters;
(c) be addressed to the Procuring Entity’s BAC in accordance with ITB Clause 1.1;
(d) bear the specific identification of this bidding process indicated in the ITB Clause 1.2; and
(e) bear a warning “DO NOT OPEN BEFORE...” the date and time for the opening of bids, in accordance with ITB Clause 21.

20.5. Bid envelopes that are not properly sealed and marked, as required in the bidding documents, shall not be rejected, but the Bidder or its duly authorized representative shall acknowledge such condition of the bid as submitted. The BAC or the Procuring Entity shall assume no responsibility for the misplacement of the contents of the improperly sealed or marked bid, or for its premature opening.
D. Submission and Opening of Bids

21. Deadline for Submission of Bids

Bids must be received by the Procuring Entity’s BAC at the address and on or before the date and time indicated in the BDS.

22. Late Bids

Any bid submitted after the deadline for submission and receipt of bids prescribed by the Procuring Entity, pursuant to ITB Clause 21, shall be declared “Late” and shall not be accepted by the Procuring Entity. The BAC shall record in the minutes of bid submission and opening, the Bidder’s name, its representative and the time the late bid was submitted.

23. Modification and Withdrawal of Bids

23.1. The Bidder may modify its bid after it has been submitted; provided that the modification is received by the Procuring Entity prior to the deadline prescribed for submission and receipt of bids. The Bidder shall not be allowed to retrieve its original bid, but shall be allowed to submit another bid equally sealed and properly identified in accordance with ITB Clause 20, linked to its original bid marked as “TECHNICAL MODIFICATION” or “FINANCIAL MODIFICATION” and stamped “received” by the BAC. Bid modifications received after the applicable deadline shall not be considered and shall be returned to the Bidder unopened.

23.2. A Bidder may, through a Letter of Withdrawal, withdraw its bid after it has been submitted, for valid and justifiable reason; provided that the Letter of Withdrawal is received by the Procuring Entity prior to the deadline prescribed for submission and receipt of bids. The Letter of Withdrawal must be executed by the duly authorized representative of the Bidder identified in the Omnibus Sworn Statement, a copy of which should be attached to the letter.

23.3. Bids requested to be withdrawn in accordance with ITB Clause 23.1 shall be returned unopened to the Bidders. A Bidder, who has acquired the bidding documents, may also express its intention not to participate in the bidding through a letter which should reach and be stamped by the BAC before the deadline for submission and receipt of bids. A Bidder that withdraws its bid shall not be permitted to submit another bid, directly or indirectly, for the same contract.

23.4. No bid may be modified after the deadline for submission of bids. No bid may be withdrawn in the interval between the deadline for submission of bids and the expiration of the period of bid validity specified by the Bidder on the Financial Bid Form. Withdrawal of a bid during this interval shall result in the forfeiture of the Bidder’s bid security, pursuant to ITB Clause 18.5, and the imposition of
administrative, civil and criminal sanctions as prescribed by RA 9184 and its IRR.

24. Opening and Preliminary Examination of Bids

24.1. The BAC shall open the bids in public, immediately after the deadline for the submission and receipt of bids, as specified in the BDS. In case the Bids cannot be opened as scheduled due to justifiable reasons, the BAC shall take custody of the Bids submitted and reschedule the opening of Bids on the next working day or at the soonest possible time through the issuance of a Notice of Postponement to be posted in the PhilGEPS website and the website of the Procuring Entity concerned.

24.2. Unless otherwise specified in the BDS, the BAC shall open the first bid envelopes and determine each Bidder’s compliance with the documents prescribed in ITB Clause 12, using a non-discretionary “pass/fail” criterion. If a Bidder submits the required document, it shall be rated “passed” for that particular requirement. In this regard, bids that fail to include any requirement or are incomplete or patently insufficient shall be considered as “failed”. Otherwise, the BAC shall rate the said first bid envelope as “passed”.

24.3. Unless otherwise specified in the BDS, immediately after determining compliance with the requirements in the first envelope, the BAC shall forthwith open the second bid envelope of each remaining eligible bidder whose first bid envelope was rated “passed”. The second envelope of each complying bidder shall be opened within the same day. In case one or more of the requirements in the second envelope of a particular bid is missing, incomplete or patently insufficient, and/or if the submitted total bid price exceeds the ABC unless otherwise provided in ITB Clause 13.2, the BAC shall rate the bid concerned as “failed”. Only bids that are determined to contain all the bid requirements for both components shall be rated “passed” and shall immediately be considered for evaluation and comparison.

24.4. Letters of Withdrawal shall be read out and recorded during bid opening, and the envelope containing the corresponding withdrawn bid shall be returned to the Bidder unopened.

24.5. All members of the BAC who are present during bid opening shall initial every page of the original copies of all bids received and opened.

24.6. In the case of an eligible foreign bidder as described in ITB Clause 5, the following Class “A” Documents may be substituted with the appropriate equivalent documents, if any, issued by the country of the foreign Bidder concerned, which shall likewise be uploaded and maintained in the PhilGEPS in accordance with Section 8.5.2 of the IRR;
(a) Registration certificate from the Securities and Exchange Commission (SEC), Department of Trade and Industry (DTI) for sole proprietorship, or CDA for cooperatives;

(b) Mayor’s/Business permit issued by the local government where the principal place of business of the bidder is located; and

(c) Audited Financial Statements showing, among others, the prospective bidder’s total and current assets and liabilities stamped “received” by the Bureau of Internal Revenue or its duly accredited and authorized institutions, for the preceding calendar year which should not be earlier than two years from the date of bid submission.

24.7. Each partner of a joint venture agreement shall likewise submit the requirements in ITB Clauses 12.1(a)(i). Submission of documents required under ITB Clauses 12.1(a)(ii) to 12.1(a)(iii) by any of the joint venture partners constitutes compliance.

24.8. The Procuring Entity shall prepare the minutes of the proceedings of the bid opening that shall include, as a minimum: (a) names of Bidders, their bid price (per lot, if applicable, and/or including discount, if any), bid security, findings of preliminary examination; and (b) attendance sheet. The BAC members shall sign the abstract of bids as read.

24.9. The bidders or their duly authorized representatives may attend the opening of bids. The BAC shall ensure the integrity, security, and confidentiality of all submitted bids. The Abstract of Bids as read and the minutes of the bid opening shall be made available to the public upon written request and payment of a specified fee to recover cost of materials.

24.10. To ensure transparency and accurate representation of the bid submission, the BAC Secretariat shall notify in writing all bidders whose bids it has received through its PhilGEPS-registered physical address or official e-mail address. The notice shall be issued within seven (7) calendar days from the date of the bid opening.

E. Evaluation and Comparison of Bids

25. Process to be Confidential

25.1. Members of the BAC, including its staff and personnel, as well as its Secretariat and TWG, are prohibited from making or accepting any kind of communication with any bidder regarding the evaluation of their bids until the issuance of the Notice of Award, unless otherwise allowed in the case of ITB Clause 26.
25.2. Any effort by a bidder to influence the Procuring Entity in the Procuring Entity’s decision in respect of bid evaluation, bid comparison or contract award will result in the rejection of the Bidder’s bid.

26. Clarification of Bids

To assist in the evaluation, comparison, and post-qualification of the bids, the Procuring Entity may ask in writing any Bidder for a clarification of its bid. All responses to requests for clarification shall be in writing. Any clarification submitted by a Bidder in respect to its bid and that is not in response to a request by the Procuring Entity shall not be considered.

27. Domestic Preference

27.1. Unless otherwise stated in the BDS, the Procuring Entity will grant a margin of preference for the purpose of comparison of bids in accordance with the following:

(a) The preference shall be applied when the lowest Foreign Bid is lower than the lowest bid offered by a Domestic Bidder.

(b) For evaluation purposes, the lowest Foreign Bid shall be increased by fifteen percent (15%).

(c) In the event that the lowest bid offered by a Domestic Bidder does not exceed the lowest Foreign Bid as increased, then the Procuring Entity shall award the contract to the Domestic Bidder at the amount of the lowest Foreign Bid.

(d) If the Domestic Bidder refuses to accept the award of contract at the amount of the Foreign Bid within two (2) calendar days from receipt of written advice from the BAC, the Procuring Entity shall award to the bidder offering the Foreign Bid, subject to post-qualification and submission of all the documentary requirements under these Bidding Documents.

27.2. A Bidder may be granted preference as a Domestic Bidder subject to the certification from the DTI that the Bidder is offering unmanufactured articles, materials or supplies of the growth or production of the Philippines, or manufactured articles, materials, or supplies manufactured or to be manufactured in the Philippines substantially from articles, materials, or supplies of the growth, production, or manufacture, as the case may be, of the Philippines.

28. Detailed Evaluation and Comparison of Bids

28.1. The Procuring Entity will undertake the detailed evaluation and comparison of bids which have passed the opening and preliminary examination of bids, pursuant to ITB Clause 24, in order to determine the Lowest Calculated Bid.
28.2. The Lowest Calculated Bid shall be determined in two steps:

(a) The detailed evaluation of the financial component of the bids, to establish the correct calculated prices of the bids; and

(b) The ranking of the total bid prices as so calculated from the lowest to the highest. The bid with the lowest price shall be identified as the Lowest Calculated Bid.

28.3. The Procuring Entity’s BAC shall immediately conduct a detailed evaluation of all bids rated “passed,” using non-discretionary pass/fail criteria. The BAC shall consider the following in the evaluation of bids:

(a) Completeness of the bid. Unless the BDS allows partial bids, bids not addressing or providing all of the required items in the Schedule of Requirements including, where applicable, Schedule of Prices, shall be considered non-responsive and, thus, automatically disqualified. In this regard, where a required item is provided, but no price is indicated, the same shall be considered as non-responsive, but specifying a zero (0) or a dash (-) for the said item would mean that it is being offered for free to the Procuring Entity, except those required by law or regulations to be provided for; and

(b) Arithmetical corrections. Consider computational errors and omissions to enable proper comparison of all eligible bids. It may also consider bid modifications. Any adjustment shall be calculated in monetary terms to determine the calculated prices.

28.4. Based on the detailed evaluation of bids, those that comply with the above-mentioned requirements shall be ranked in the ascending order of their total calculated bid prices, as evaluated and corrected for computational errors, discounts and other modifications, to identify the Lowest Calculated Bid. Total calculated bid prices, as evaluated and corrected for computational errors, discounts and other modifications, which exceed the ABC shall not be considered, unless otherwise indicated in the BDS.

28.5. The Procuring Entity’s evaluation of bids shall only be based on the bid price quoted in the Bid Form, which includes the Schedule of Prices.

28.6. Bids shall be evaluated on an equal footing to ensure fair competition. For this purpose, all bidders shall be required to include in their bids the cost of all taxes, such as, but not limited to, value added tax (VAT), income tax, local taxes, and other fiscal levies and duties which shall be itemized in the bid form and reflected in the detailed estimates. Such bids, including said taxes, shall be the basis for bid evaluation and comparison.

28.7. If so indicated pursuant to ITB Clause 1.2, Bids are being invited for individual lots or for any combination thereof, provided that all Bids
and combinations of Bids shall be received by the same deadline and opened and evaluated simultaneously so as to determine the Bid or combination of Bids offering the lowest calculated cost to the Procuring Entity. Bid prices quoted shall correspond to all items specified for each lot and to all quantities specified for each item of a lot. Bid Security as required by ITB Clause 18 shall be submitted for each contract (lot) separately. The basis for evaluation of lots is specified in BDS Clause 28.3.

29. **Post-Qualification**

29.1. The BAC shall determine to its satisfaction whether the Bidder that is evaluated as having submitted the Lowest Calculated Bid complies with and is responsive to all the requirements and conditions specified in ITB Clauses 5, 12, and 13.

29.2. Within a non-extendible period of five (5) calendar days from receipt by the bidder of the notice from the BAC that it submitted the Lowest Calculated Bid, the Bidder shall submit its latest income and business tax returns filed and paid through the BIR Electronic Filing and Payment System (eFPS) and other appropriate licenses and permits required by law and stated in the BDS.

Failure to submit any of the post-qualification requirements on time, or a finding against the veracity thereof, shall disqualify the bidder for award. Provided in the event that a finding against the veracity of any of the documents submitted is made, it shall cause the forfeiture of the bid security in accordance with Section 69 of the IRR of RA 9184.

29.3. The determination shall be based upon an examination of the documentary evidence of the Bidder’s qualifications submitted pursuant to ITB Clauses 12 and 13, as well as other information as the Procuring Entity deems necessary and appropriate, using a non-discretionary “pass/fail” criterion, which shall be completed within a period of twelve (12) calendar days.

29.4. If the BAC determines that the Bidder with the Lowest Calculated Bid passes all the criteria for post-qualification, it shall declare the said bid as the LCRB, and recommend to the HoPE the award of contract to the said Bidder at its submitted price or its calculated bid price, whichever is lower.

29.5. A negative determination shall result in rejection of the Bidder’s Bid, in which event the Procuring Entity shall proceed to the next Lowest Calculated Bid with a fresh period to make a similar determination of that Bidder’s capabilities to perform satisfactorily. If the second Bidder, however, fails the post qualification, the procedure for post qualification shall be repeated for the Bidder with the next Lowest Calculated Bid, and so on until the LCRB is determined for recommendation for contract award.
29.6. Within a period not exceeding fifteen (15) calendar days from the determination by the BAC of the LCRB and the recommendation to award the contract, the HoPE or his duly authorized representative shall approve or disapprove the said recommendation.

29.7. In the event of disapproval, which shall be based on valid, reasonable, and justifiable grounds as provided for under Section 41 of the IRR of RA 9184, the HoPE shall notify the BAC and the Bidder in writing of such decision and the grounds for it. When applicable, the BAC shall conduct a post-qualification of the Bidder with the next Lowest Calculated Bid. A request for reconsideration may be filed by the bidder with the HoPE in accordance with Section 37.1.3 of the IRR of RA 9184.

30. Reservation Clause

30.1. Notwithstanding the eligibility or post-qualification of a Bidder, the Procuring Entity concerned reserves the right to review its qualifications at any stage of the procurement process if it has reasonable grounds to believe that a misrepresentation has been made by the said Bidder, or that there has been a change in the Bidder’s capability to undertake the project from the time it submitted its eligibility requirements. Should such review uncover any misrepresentation made in the eligibility and bidding requirements, statements or documents, or any changes in the situation of the Bidder which will affect its capability to undertake the project so that it fails the preset eligibility or bid evaluation criteria, the Procuring Entity shall consider the said Bidder as ineligible and shall disqualify it from submitting a bid or from obtaining an award or contract.

30.2. Based on the following grounds, the Procuring Entity reserves the right to reject any and all bids, declare a Failure of Bidding at any time prior to the contract award, or not to award the contract, without thereby incurring any liability, and make no assurance that a contract shall be entered into as a result of the bidding:

(a) If there is prima facie evidence of collusion between appropriate public officers or employees of the Procuring Entity, or between the BAC and any of the Bidders, or if the collusion is between or among the bidders themselves, or between a Bidder and a third party, including any act which restricts, suppresses or nullifies or tends to restrict, suppress or nullify competition;

(b) If the Procuring Entity’s BAC is found to have failed in following the prescribed bidding procedures; or

(c) For any justifiable and reasonable ground where the award of the contract will not redound to the benefit of the GOP as follows:
30.3. In addition, the Procuring Entity may likewise declare a failure of bidding when:

(a) No bids are received;

(b) All prospective Bidders are declared ineligible;

(c) All bids fail to comply with all the bid requirements or fail post-qualification; or

(d) The bidder with the LCRB refuses, without justifiable cause to accept the award of contract, and no award is made in accordance with Section 40 of the IRR of RA 9184.

**F. Award of Contract**

31. **Contract Award**

31.1. Subject to ITB Clause 29, the HoPE or its duly authorized representative shall award the contract to the Bidder whose bid has been determined to be the LCRB.

31.2. Prior to the expiration of the period of bid validity, the Procuring Entity shall notify the successful Bidder in writing that its bid has been accepted, through a Notice of Award duly received by the Bidder or its representative personally or sent by registered mail or electronically, receipt of which must be confirmed in writing within two (2) days by the Bidder with the LCRB and submitted personally or sent by registered mail or electronically to the Procuring Entity.

31.3. Notwithstanding the issuance of the Notice of Award, award of contract shall be subject to the following conditions:

(a) Submission of the following documents within ten (10) calendar days from receipt of the Notice of Award:

(i) Valid JVA, if applicable; or
(ii) In the case of procurement by a Philippine Foreign Service Office or Post, the PhilGEPS Registration Number of the winning foreign Bidder;

(b) Posting of the performance security in accordance with ITB Clause 33;

(c) Signing of the contract as provided in ITB Clause 32; and

(d) Approval by higher authority, if required, as provided in Section 37.3 of the IRR of RA 9184.

31.4. At the time of contract award, the Procuring Entity shall not increase or decrease the quantity of goods originally specified in Section VI. Schedule of Requirements.

32. Signing of the Contract

32.1. At the same time as the Procuring Entity notifies the successful Bidder that its bid has been accepted, the Procuring Entity shall send the Contract Form to the Bidder, which contract has been provided in the Bidding Documents, incorporating therein all agreements between the parties.

**Evaluation of Bid Offers:**

The most advantageous bid offer shall be determined using the formula below:

\[
\text{Delivered Price} = \text{Bid Price} + \text{Local Transshipment} + \text{Excise Tax} + \text{EVAT}
\]

Where:
- Delivered Price = Price of oil-based Fuel at delivery point up to four (4) decimal places, Peso/Liter
- Bid Price = refers to the bid of the prospective supplier, less discounts given, plus delivery cost, regardless of the index used.
- Local Transshipment = Freight Cost from the refinery to the delivery point for deliveries ex-refinery, or freight cost from the depot to the delivery point for deliveries ex-depot. This shall (a) exclude pumping cost in case of tank truck deliveries, and (b) include drum cost in case of packaged Fuel deliveries.

In case, there is a difference in the computation of the Delivered Price (consisting of the Bid Price, Local Transshipment, Excise Tax and EVAT) by the bidder and PSALM due to rounding off, the computation of the latter shall prevail and be considered for the evaluation.

above, PSALM has the option to purchase supply from other sources to preclude any possibility for the Fuel inventory level to reach critical level. Supplier shall reimburse PSALM the reasonable and documented costs incurred by PSALM over and above what it normally pays Supplier.

vi. Failure to Supply the Firm Quantity

In the event Supplier fails to deliver wholly or partially the Firm Quantity, PSALM has the option to purchase the undelivered portion of the Firm Quantity from other sources to preclude any possibility for the Fuel inventory to reach critical level.

Supplier shall reimburse PSALM the differential cost for said purchase, except if the cause for such failure to deliver is due to force majeure as specified in GCC 22.

vii. Critical Fuel Inventory

In the event the Fuel inventory of MTPP reaches critical level (below the inventory levels as set and agreed between PSALM and Supplier during the implementation of the contract), and PSALM's firm quantity has not been fully delivered, PSALM has the right to purchase on spot basis Fuel supply from other sources and charge Supplier the differential cost plus 15% surcharge on said differential cost.

Moreover, except if the cause or causes for such under-delivery or non-delivery is due to force majeure as specified in GCC 22, Supplier is also liable to pay PSALM penalties and damages as specified in GCC 19 if such critical Fuel inventory situation results to plant load reduction/shutdown.

viii. Safety and Integrity of Receiving Ports

Accordingly, in the event that Supplier as confirmed by PSALM at any time finds that the MTPP receiving port conditions are unsafe for any cargo receiving operation, Supplier may upon notice to PSALM and upon confirmation of PSALM of the unsafe condition, suspend any delivery to such plant until the unsafe conditions identified by the Supplier are corrected. Supplier, in such event, shall not be held liable under the contract for failure to deliver or supply the required Fuel delivery of PSALM nor liable for any
ix. Safety and/or Qualification of Delivery Tank Trucks

Likewise, Supplier warrants that it has complied with all laws, rules and regulations pertaining to the environment, such as but not limited to the Philippine Coast Guard Memo Circular(s) on the Prevention, Containment, Abatement and Control of Oil Marine Pollution; DENR/NPCC rules and regulations regarding prohibition on the dumping of oil waste/bilge waters; and the Laguna Lake Development Authority (LLDA) requirements (when applicable).

Supplier shall be responsible and liable for all accidents including but not limited to oil spills attributable to Supplier’s vessels/tank trucks and/or crew, and direct costs, charges, penalties and/or damages including loss revenue, shall be for the account of Supplier. Supplier shall indemnify and hold PSALM free and harmless from any and all claims, demands, actions or proceeding of third persons in connection therewith. Supplier’s vessels shall be equipped with the required contingency measures and equipment for oil spill, oil fires and the like.

x. Authorized Signatories to Fuel Orders/Receivers

Prior to first delivery, PSALM shall provide Supplier the list including specimen signatures of all its authorized receivers of Fuel deliveries at the MTPP awarded to Supplier. Only authorized receivers shall be allowed to receive the Fuel deliveries and sign the corresponding documents/receipts.

Moreover, PSALM shall also advise Supplier the names and specimen signature of PSALM’s officials authorized to issue Fuel orders. On the other hand, Supplier shall provide PSALM the list of its authorized surveyors.
In the event that the PSALM’s authorized receivers are not present at the time of delivery, all reasonable and documented incidental expenses due to the delay of discharging and other charges shall be for the account of PSALM provided the notice requirement to PSALM is complied with, otherwise all expenses incurred due to delays or non receipt of delivery shall be for the account of Supplier.

Where the Supplier is required under Contract to deliver the Goods CIF, CIP or DDP, Goods are to be transported on carriers of Philippine registry. In the event that no carrier of Philippine registry is available, Goods may be shipped by a carrier which is not of Philippine registry provided that the Supplier obtains and presents to the Procuring Entity certification to this effect from the nearest Philippine consulate to the port of dispatch. In the event that carriers of Philippine registry are available but their schedule delays the Supplier in its performance of this Contract the period from when the Goods were first ready for shipment and the actual date of shipment the period of delay will be considered force majeure in accordance with GCC Clause 22.

The Procuring Entity accepts no liability for the damage of Goods during transit other than those prescribed by INCOTERMS for DDP Deliveries. In the case of Goods supplied from within the Philippines or supplied by domestic Suppliers risk and title will not be deemed to have passed to the Procuring Entity until their receipt and final acceptance at the final destination.

The transport of the Oil-Based Fuel to the point of destination or such other named place of destination in the Philippines including vessel requirements are as follows:

a) Mode of Delivery

Supplier shall deliver the Fuel in accordance with the Modes of Delivery as set forth in Section VI-B, Schedule of Monthly Fuel Requirements. Supplier shall assure that the delivery of Fuel shall meet the conditions of the receiving facilities at the delivery points as specified in said Section VI-A.

In case of any deviations in the mode of delivery in order to meet confirmed delivery schedule and/or minimum inventory level of MTPP as set forth herein, any additional
cost and logistical requirements to be undertaken for such deviation shall be the responsibility of the Supplier.

During deliveries, Supplier shall ensure availability on necessary calibrated measuring instruments, i.e., cupped-cased thermometer, hydrometer, sampling bucket, water and product finding paste as well as gauging tape for tanker/barge deliveries.

1. Delivery by Tank Trucks

Tank trucks to be used by the Supplier in the delivery of the Fuel to shall be annually calibrated by the Industrial Technology and Development Institute (ITDI). MTPP receiving points should be equipped with thermometer and specific gravity meter.

Pumping cost shall be charged only whenever the delivery tank truck's pumping equipment is required by PSALM for unloading the Fuel into the MTPP storage tanks.

Supplier shall make deliveries using Supplier's-owned and/or contracted tank truck units at Supplier's expense. For the duration of the Contract and any renewals or extensions thereof, PSALM agrees not to contract itself with any other party for the tank truck delivery of Fuel requirements without prior written consent of the Supplier.

The Supplier, upon delivery of Fuel by tank truck, shall present to PSALM the Original Invoice (or delivery document) covering the particular delivery for PSALM's signature acknowledging receipt of delivery, and provide PSALM duplicate copy of the same. The original copy of the invoice/delivery document shall be retained by the tank truck for submission to Supplier's office for billing purposes and transmitted to PSALM's office together with all the required supporting documents as specified in SCC10.2 not later than the 7th day of the month where payment is due.

For all modes of delivery stated herein, the PSALM and Supplier's representatives should be present for each Fuel delivery or transfer in order to witness, validate and confirm the quality and quantity of Fuel delivered and preclude discrepancies in the processing of payment. The absence of either party to witness, validate and confirm the quality and quantity of the Fuel delivery shall constitute as a waiver on the part of the party absent and thus the quality and quantity
determined during the time of delivery shall be final and to be used as basis for payment of Fuel deliveries.

Supplier shall properly observe the above requirements for convenience and safety. Possible damages resulting from non-compliance thereof shall be for the account of Supplier.

ii. Delivery by Tanker/Vessel/Barge

Tanker/barges to be used by the Supplier for Fuel delivery to PSALM shall be subject to PSALM's prior approval. Supplier shall for this purpose, submit to PSALM, the vessel particulars, personnel complement, VCFs, calibration tables/trim correction table, certificate issued by concerned regulatory agencies and the like, for the PSALM’s approval prior to use.

Supplier, subject to PSALM specific requirements in a particular delivery point, shall determine the appropriate tanker/barge capacity to be used to fulfill PSALM's requirement. It is preferred that the tanker/barge capacity shall not be smaller than that indicated for each delivery point per Section VI-B, Schedule of Monthly Fuel Requirements. However, depending on available ullage at the time of delivery and the draft limitation at the location, Supplier and PSALM may agree to use smaller tanker/barge.

Supplier shall make its deliveries using Supplier’s owned and/or contracted vessels at Supplier’s expense. For the duration of this Contract and any renewals or extension thereof, PSALM agrees not to contract itself with any other party for the tanker/barge delivery of its Fuel requirements without prior written consent of the Supplier.

The tanker/barge upon and after delivery shall present to PSALM the Cargo Outturn Certificate (COC), Quality Certificate, Cargo Intake Certificate (CIC), Volume Computation Sheet, Cargo Statement (After Loading and Before Discharge), Statement of Facts (Loadport and Disport), BIR Withdrawal Certificate, On Board Quantity and Residual on Board Certificate, Sealing Plan and other documents covering the particular delivery. The PSALM’s representative shall affix his signature on the COC signifying receipt of the delivery. Supplier shall provide PSALM a duplicate copy of the above documents and original copy, if required. The COC shall be the basis for the Supplier's invoice preparation. However, volume for
payment shall be determined as provided for as specified in SCC 16.1.

The original copy of the invoice including all required supporting documents as specified in SCC10.2 shall be submitted by the Supplier, for billing purposes, to the PSALM office not later than the 7th day of the month where payment is due. Failure of the PSALM’s representative to sign these documents to acknowledge receipt of the Fuel delivery within twenty four (24) hours after the required settling time without filing a protest shall mean that PSALM has waived his right to protest the contents of the documents and automatically agrees and adopts all the figures reflected in the said documents (except errors in computation). In case of protest by PSALM, PSALM shall indicate "Under Protest" in the COC of the Supplier or may be done formally in writing in the case of serious situation affecting volume measurements.

All tankers/barge shall have a third party convoy surveyor on board and/or a resident surveyor appointed by and at the expense of the Supplier to undertake the volume measurements witnessed and concurred by the PSALM’s representative.

In case delivery will require installation of a marathon hose to MTPP’s receiving flange, the responsibility of installation shall be borne by the Supplier.

Start of pumping time for discharging of Fuel shall be between 0500H to 1700H only.

Failure of the PSALM’s representative to sign the invoice or COC to acknowledge receipt of the Fuel delivery within twenty four (24) hours after the required settling time without filing a protest shall mean that PSALM has waived his right to protest the contents of the documents and automatically agrees to adopt all the figures reflected in the said documents (except errors in computations). In case of protest by PSALM, PSALM shall indicate "Under Protest" in the COC of the Supplier or may be done formally in writing in the case of serious situation affecting volume measurements.

For all modes of delivery stated herein, the PSALM and Supplier’s representatives should be present for each Fuel delivery or transfer in order to witness, validate and confirm the quality and quantity of Fuel delivered and preclude discrepancies in the processing of
payment. The absence of either party to witness, validate and confirm the quality and quantity of the Fuel delivery shall constitute as a waiver on the part of the party absent and thus the quality and quantity determined during the time of delivery shall be final and to be used as basis for payment of Fuel deliveries.

Supplier shall properly observe the above requirements for convenience and safety. Possible damages resulting from non-compliance thereof shall be for the account of Supplier.

b) Demurrage Charges

Demurrage incurred by domestic tankers/barges for Fuel deliveries shall be for the account of Supplier or PSALM based on the following:

Laytime and demurrage shall be computed based on the actual Charter Party Agreement. This Agreement stipulates the terms and conditions pertaining to freight and demurrage rate and defines the responsibility of the vessel owner and charterer, in this case the Supplier. Supplier shall furnish PSALM a copy of the pertinent demurrage clause of the Charter Party Agreement in the event a demurrage is filed with PSALM". Vessel arrival should be within berthing window and discharging of cargo should be completed within reasonable time.

In case of a situation where it cannot be established which party is responsible, this matter shall be mutually resolved within ninety (90) calendar days from date of receipt of delivery.

Demurrage charges against the PSALM shall be supported with payment computations and shall be submitted and received by PSALM within sixty (60) calendar days from date of receipt of delivery. Otherwise, Supplier shall have waived its right to claim such demurrage charges.

c. Transfer Costs

Vessel transfer costs shall be absorbed by Supplier or PSALM based on the following conditions:

i. Due to PSALM’s request/fault  PSALM

ii. Due to Supplier’s initiative  Supplier

iii. Due to rejection of Fuel delivery provided reason is legitimate, example, Fuel does not meet specification, is contaminated, and/or free water is more than 1% by volume (total or per compartment)  Supplier

d. Transfer of Ownership and Risk

Ownership of the Oil-Based Fuel shall pass to PSALM when the product is received at the MTPP as specified in Section VI-A, Table of Delivery Points for Bidding.

Supplier shall assume risk of loss and/or damage and/or accidents such as but not limited to, oil spills, pilferage and loss due to fire while product is in transit from Supplier's Refinery/Terminal/Depot/Stock Point to MTPP delivery reference points on board product haulers of the Supplier. For this purpose, Supplier shall insure the Fuel while in its custody for the full reinstatement value of the product.
Custody over the Fuel shall pass to PSALM from the Supplier in accordance with the delivery reference points as specified in Section VI-A, Table of Delivery Points.

**Patent Rights**

The Supplier shall indemnify the Procuring Entity against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the Goods or any part thereof.

9 **1. Prices**

Delivered Price as stipulated in the contract shall be adjusted for each delivery made by the Supplier using the following formula:

\[
\text{Delivered Price} = (\text{Bid Price}) +/-(\text{MOP}_PA) + \text{Local Transshipment} + \text{Excise Tax} + \text{EVAT}
\]

Where:

- **Delivered Price** = Applicable price of fuel at delivery point up to four (4) decimal places, Peso/Liter.
- **MOPS_PA** = Week on week price adjustments of the Mean-of-Platts-Singapore (MOPS) pursuant to GPPB Resolution No. 26-2019, up to four (4) decimal places.

**Note:** **MOPS shall correspond to the daily high and low price quotations of petroleum products as published by S&P Global Platts with the following headings and units:**

- Fuel Oil: HSFO 180 cSt 3.5% Sulfur in US$/Bbl.
- **Bid Price** = Bid offer provided by the Supplier
- **Local Transshipment** = Offered transshipment rate based on bidding corresponding to the freight cost from the refinery to the delivery point for deliveries ex-refinery, or freight cost from the depot to the delivery point for deliveries ex-depot, Peso/Liter. The Local Transshipment shall exclude pumping costs in case of tank truck deliveries to MTPP provided with Fuel receiving pump.
Excise Tax = Tax imposed on bunker fuel oil as provided in Section 43 of Republic Act 10963, amending the National Internal Revenue Code of 1997, valued at PhP 6.00/liter.

EVAT = Expanded Value Added Tax as provided in Republic Act No. 9337, amending the National Internal Revenue Code of 1997 as amended and BIR Revenue Regulations No. 16-2005, up to four (4) decimal places, Peso/Liter.

\[ \text{Delivered Price} = (\text{Bid Price} + \text{Local Transshipment} + \text{Excise Tax}) \times 0.12 \]

The Delivered Price based on the preceding formula shall be paid in Philippine Currency. The conversion factor of 1.0 Barrel = 158.984 liters (Fuel Oil) will be used, as required. In addition, the Delivered Price shall also be reckoned on the following:

a) For tanker/barge/tank truck Fuel deliveries, price shall be the prevailing delivered price at the time of completion of delivery (PSALM shall indicate the date and time of completion of delivery in the invoice while Supplier shall indicate the delivery location).

In cases of Force Majeure as defined in the tender documents, subject to mutual agreement between PSALM and Supplier, the Supplier may source its Fuel supply from other supply points and the price thereof shall be subject to negotiation between PSALM and Supplier.

The Delivered Price of Fuel per delivery shall be in Peso per Liter as specified herein and shall be subject to quality adjustment pursuant to SCC-16.1 g, Price Adjustments. The Bid Price and Local Transshipment costs charged by the Supplier for Fuel delivered under this Contract shall not vary from the Bid Price and Local Transshipment quoted by the Supplier in its Bid. Said Bid Price and Local Transshipment shall be valid for the duration of the supply period of the contract, notwithstanding whether the Contracted Quantity or the Total Contract Price is fully consumed.

Please see Annex A for Line Graph for Fuel Supply on Per Order Basis and Annex B for Sample Computations.
2. **Total Contract Price**

The Total Contract Price of the Fuel shall be computed based on the following formula:

\[
\text{Total Contract Price, Pesos} = \text{Delivered Price} \times \text{Contract Quantity}
\]

Where the Delivered Price shall be based on the formula indicated in the Bid Price Proposal Form. The Contracted Quantity shall be the quantity as also indicated in the Bid Price Proposal Form.

The Total Contract Price is expected to be consumed within the contract term. However, should there still be an available amount left after the contract term, said contract term may be extended by PSALM until the full amount is consumed. The contract extension is up to a maximum period of six (6) months.

the MOPS index pursuant to GPPB Resolution No. 26-2019.

Payment Terms

All Fuel deliveries made by Supplier and received by MTPP
within a particular billing month shall be paid by PSALM at
the end of the following month, provided that all the
requirements for payment stated above in SCC10.2 are
received by the PSALM not later than the seventh (7th) day
of the following month. Otherwise, every day of delay in the
submission of the documents, or settling a disputed bill, or
due to force majeure as specified in GCC 22 shall extend the
payment due date for the same number of days of the delay
without penalty. All other billings complying with the
payment requirements, undisputed, and not affected by
force majeure shall be paid on due date. Otherwise, the late
payments shall be subject to interest based on the ninety-
one (91) day T-bill rate prevailing on the due date as issued
by the Bangko Sentral ng Pilipinas (BSP) for payment until
full payment is made. If the due date falls on a holiday or
non-working day, payment shall be made on the succeeding
business day.

Contract Amount and Implementation

PSALM shall make, after every order, an accounting of the
amount actually payable to the Supplier. This will determine
the allowable unit/volume that may still be ordered from the
remaining amount allotted to conform to the remaining
amount in the Total Contract Price.

PSALM is not obligated to lift the total volume in this
Contract and shall not be liable to the Supplier for the
undelivered volume, if any.

If during contract implementation, the Total Contract Price
for this requirement would have been consumed
notwithstanding that the said requirements were not fully
delivered in the units/volume contemplated, no further
order and payments shall be made.

However, the volume to be delivered shall not exceed the
Contracted Quantity. No payment shall be made for Fuel
deliveries in excess of the Total Contract Price and/or
Contracted Quantity.
The Supplier shall closely monitor its deliveries to ensure that the volume to be delivered is within the Total Contract Price and Contracted Quantity.

**Delayed/Prompt Payment**

Except when due to force majeure as specified in GCC22, non-payment of accounts in full on its due date shall be subject to interest corresponding to the average 91-day T-Bill rate prevailing on due date as issued by the BSP until the account is fully paid.

Likewise, Supplier shall grant PSALM prompt payment discount if PSALM pays before payment due date. The discount shall correspond to the average 91-day T-Bill rate as issued by BSP prevailing on the actual date of prompt payment.

**Payment in Case of Contract Termination**

In case of termination of this Contract as specified in GCC 23 to 27, PSALM will pay any outstanding obligation on payment due date after the effective date of termination. In case of nonpayment, interest as stipulated above shall accrue on the outstanding amount.

| 10.4 | No further instructions. |
| 13.4(c) | No further instructions. |
| 16.1 | **Inspection and Tests.** The inspections and tests that will be conducted are: |

a) **Fuel Compatibility**

Every Fuel delivery to the MTPP shall be subject to compatibility tests (ASTM D-4570-95 or higher with Reference Spot No. 2 as minimum acceptance limit) to prevent coagulation, stratification and other adverse conditions due to unstable/unsuitable properties of the Fuel.

The Fuel source, refining process and stability of the Fuel when co-mingled with existing Fuel stocks shall be declared by the Supplier.

The Supplier shall be held liable for costs, expenses and damages, including removal of contaminated stock, resulting in the coagulation and stratification of the Fuel in MTPP storage tanks and/or Fuel pipeline systems due to the Supplier’s Fuel deliveries.
In case PSALM opts to source from another supplier, the responsibility for Fuel compatibility shall be shifted to the incoming supplier. However, should Supplier advise PSALM of the incompatibility of their Fuel with the PSALM's initial Fuel inventory and PSALM does not heed the Supplier’s advise, responsibility for incompatibility problems shall revert to the PSALM.

b) Quality Determination

The quality of Fuel delivery shall be determined in accordance with applicable ASTM standards/procedures or other mutually accepted standards/procedures as specified in Section VII - Technical Specifications. Fuel to be supplied must be Euro 4 compliant. Supplier shall furnish PSALM the Quality Certificate with the complete set of parameters as specified in Section VII - Technical Specifications for each and every Fuel delivery via tanker/barge and tank truck.

MTPP, prior to receipt of delivery, shall take samples and composite them into three parts using ASTM-D4057. The three composite samples shall be distributed to PSALM, Supplier and the remaining sample for MTPP safekeeping in case of umpiring.

MTPP shall conduct analysis of its Fuel sample to determine its conformance to the guaranteed specifications. Results of analysis shall be used in making applicable price adjustments under this contract. In cases where the MTPP has no capability to analyze on-site, Supplier's certificate of analysis shall be used as basis of delivery acceptance. However, PSALM has the option to validate the certificate of analysis by taking samples from the Supplier’s source tank. The samples shall be analyzed by a third party laboratory acceptable to both parties or at the Supplier’s laboratory to be witnessed by PSALM’s representative. For purposes of price adjustment, PSALM may use as basis the Certificate of Analysis issued by a third party laboratory designated by PSALM and accepted by the Supplier.

c) Quantity Determination

Quantity/volume measurements of PSALM's receiving tanks and Supplier's source tanks shall be done in accordance with ASTM D-4057 for volume measurements. PSALM shall ensure full isolation of its receiving storage tank during receipt of delivery from Supplier.

PSALM and Supplier must ensure that their tanks are calibrated by duly certified and accredited independent
surveyor. PSALM shall provide Supplier copies of calibration tables of MTPP receiving tank. Supplier shall also provide PSALM copies of calibration tables of Supplier's source tank(s) and delivery tanker/barges.

Likewise, Supplier shall also provide PSALM valid ITDI Calibration Certificates of its tank trucks, in case of tank truck deliveries. PSALM and Supplier shall update each other of any changes in calibration tables of their respective tanks and delivery vessels from time to time.

Volume of Fuel deliveries at air shall be net of Free Water content and rounded off to zero (0) decimal places. On the other hand, volume for payment for all modes of delivery shall be corrected to 15°C billing temperature and net of Bottom Sediment Water (BS&W), or Water and Sediment (W&S), using PSALM analysis on BS&W prior to rounding-off to two (2) decimal places.

In cases where PSALM delivery points have no capability to analyze BS&W, the adjustment, if any, shall be based on Supplier’s certificate of analysis, which is subject to validation as specified in Item b) above.

Free Water shall refer to the quantity of water inside the compartments of delivery vessels, i.e., oil tanker, vessel, barge and tank truck or lorry. Free water content shall be determined prior to taking samples for analysis pursuant to item b) above. Free Water shall be determined and measured by sounding using steel tape with water finder paste. For tank truck or lorry deliveries, Free Water content shall be measured by draining the tank truck/lorry compartments using graduated containers. Fuel deliveries or Fuel in any compartment of delivery vessels with Free Water content that is more than one percent (1%) by volume shall be rejected outright.

i. Quantity/Volume Reconciliation (Per Order Basis)

Quantity/volume of Fuel delivery for payment purposes shall be corrected to 15°C reference temperature and reconciled in accordance with the following procedure:

1. Tanker/Barge/ deliveries:

   If PSALM's received volume plus ROB is equal to or above Bill of Lading (B/L) quantity, PSALM shall pay B/L quantity net of ROB.
If PSALM’s received volume plus ROB is below B/L quantity, PSALM shall pay actual volume received.

If PSALM’s receiving tank is not isolated or is in-service during receipt of delivery.

a) Volume for payment shall be Vessel Figure Before Discharge (VFBD) net of ROB corrected to 15°C if VFBD net of ROB is lower than B/L. Otherwise, if VFBD volume is higher than B/L, volume basis for payment shall be based on B/L quantity net of ROB.

b) In case of tank-to-tank transfers, volume basis for payment shall be based on B/L quantity.

2. Tank Truck Deliveries:

For tank truck deliveries, volume for payment shall be based on tank truck gauge marker equivalent volume corrected to 15°C using density and temperature measurements made by PSALM on tank truck oil compartments prior to receipt of delivery and applicable ASTM tables and standards. In the absence of density measurements by PSALM, the density indicated in the Certificate of Analysis provided by Supplier shall be used.

These volume measurements shall be net of Free Water Content and BS&W pursuant to item b) and c) above. Fuel deliveries for payment for each delivery point in the Contract shall be reckoned from the 25th noon of the month immediately preceding the delivery month up to the 25th noon of the delivery month (billing period.)

In addition, if the PSALM’s receiving tank is non-isolated or in-service during receipt of delivery, the as-received volume (CIC) shall be equal to the Vessel’s Figure Before Discharge (VFBD) less ROB.

For concerns or issues regarding Fuel delivery (Quantity and Amount) at MTPP, reconciliation shall commence from the start of the implementation of the contract. Any claims pertaining to reconciliation for the contract shall not be beyond six (6) months from the contract period.

d) Rejection
i. Rejection Limits

Prior to actual discharging of deliveries, PSALM reserves the right to perform tests and quality analyses of the Fuel properties as specified in Section VII - Technical Specifications. If the result of such test or analyses falls outside any of the reproducibility/precision limits defined in the applicable standard, PSALM reserves the right to reject the Fuel delivery.

All costs and charges in connection with the rejection shall be for the account of the Supplier, except when due to the fault of the PSALM.

ii. Delivery Rejection

PSALM shall, at no cost to PSALM, have the right to reject any delivery of Fuel that does not satisfy the Guaranteed Fuel Specifications as specified in Section VII - Technical Specification. Likewise, PSALM has the right to reject the Fuel delivery or the Fuel in any tank/compartment if this contains Free Water, or is contaminated with water, more than one percent (1%) by volume.

PSALM may exercise its right to reject Fuel delivery prior to its pumping/transfer. The moment the product has been pumped or transferred to PSALM’s receiving/storage tanks, PSALM is deemed to have waived its right to reject. The PSALM however reserves the right to stop pumping and reject the remaining product of the delivery in the event of any observed abnormalities or discrepancies affecting product quality. In case of critical Fuel inventory, PSALM may decide to receive the delivery subject to price adjustments as specified in SCC-16.1 g, Price Adjustments.

In the event of a delivery rejection, the Umpire Sample obtained as specified in Item b) above shall be retrieved by the Supplier and/or the third party surveyor from the PSALM. This sample shall then be tested by an independent laboratory mutually acceptable to the parties.

If the results of the above laboratory tests show that the product is within the Guaranteed Fuel Specifications as specified in Section VII - Technical Specifications, testing cost shall be for the account of the PSALM.
Otherwise, said costs shall be shouldered by the Supplier.

In the event PSALM rejects a Fuel delivery and Supplier cannot deliver a replacement as required, PSALM may source the equivalent volume of such delivery from other sources and any differential cost shall be for the account of the Supplier. If delays in Fuel replacement or sourcing results to plant load reduction/shutdown, penalties and damages as specified in SCC19.1.a shall also be charged to Supplier.

e. Appeal on Rejections

In case of rejection of any Fuel delivery, Supplier may, within twenty-four (24) hours from notice thereof, appeal in writing such rejection; provided, however, that if the rejected Fuel delivery is immediately transferred at the initiative of the Supplier to other ports/destination prior to completion of the third party analysis, Supplier loses its right of appeal as well as the right to charge any costs including but not limited to transfer and demurrage costs even if the results of the analysis conform with the Guaranteed Fuel Specifications.

f. Penalty in Oil-Based Fuel Quality

If the quality of the Oil-Based Fuel delivered is not within the guaranteed quality specifications, these shall be subject to rejection per SCC 16.1, or corresponding penalty or adjustment in Item g below.

g. Price Adjustments

The price for products delivered by Supplier and accepted by PSALM not conforming to certain Guaranteed Fuel Specifications as specified in Section VII - Technical Specifications are subject to adjustment (SA) as follows:

a. High Heating Value (HHV) Adjustment

If the High Heating Value of the delivered IFO is less than the guaranteed minimum High Heating Value, Btu/lb., as specified by the Supplier and accepted by the PSALM, price adjustment, up to four (4) decimal places, shall be applied as follows:

\[
\text{Adjustment Price HHV,} = \left(1 - \frac{\text{Actual HHV}}{\text{Guaranteed HHV}}\right) \times (\text{Bid Price} \pm \text{MOPS_PA})
\]

Peso/Liter

\[
\text{Guaranteed HHV}
\]
No bonus or upward adjustment in price will be allowed when the actual High Heating Value (HHV) of the delivered Fuel is more than the guaranteed minimum. Also, for IFO with LHV below 17,200 BTU/lb, it shall be rejected outright.

b. Off-Specs Fuel Delivery.

PSALM shall impose a penalty of 10% of the delivered price for any Fuel delivery that is subject to Outright Rejection but accepted by the Plant. The ten percent (10%) penalty shall apply to each parameter that is beyond the limits provided in Section VII - Technical Specifications.

This penalty shall apply for off specs deliveries on two (2) occasions only. Otherwise, it shall be a ground for contract termination pursuant to GCC 23.

The above price adjustments shall be applied after full quantity deduction due to Free Water content and Bottom Sediment and Water (BS&W), or Water and Sediment, had been made from the total volume delivered based on PSALM’s or MTPP’s analysis result. In case PSALM/MTPP has no capability to analyze % BS&W, then Supplier’s submitted certificate of analysis shall be used. Sampling and analysis shall be in accordance with the standard ASTM standards and procedures as specified in SCC 16.1 and Section VII - Technical Specifications.
