### TERMS OF REFERENCE (TOR) LEASE OF VENUE FOR PSALM'S PLANT VISIT AT THE CASECNAN HYDROELECTRIC POWER PLANT, REGULAR BOARD MEETING AND TRANSITION PLANNING

#### RATIONALE

The Power Sector Assets and Liabilities Management Corporation is conducting its PSALM Board Plant Visit at the Casecnan Hydroelectric Power Plant (Casecnan HEPP), Board Meeting and Transition Planning at the Pantabangan, Nueva Ecija on 28-29 April 2022.

The privatization of the Casecnan HEPP is scheduled to commence this year with the turn-over in 2023. A plant visit to the Casecnan HEPP is essential for the PSALM Board's proper and complete appreciation of its unique design, Casecnan HEPP being a multi-purpose power plant with an irrigation component. An on-site dialogue with the current Operations and Maintenance Service Contract (OMSC) provider, Soosan ENS, is equally important for a full understanding of the ongoing stand-off with the Bugkalot Indigenous Peoples (Bugkalot IPs) that endangers the integrity of the power plant and its operations and the supply of 165 MW electricity in the Luzon grid for the next critical months.

Considering the presence of the PSALM Board, it will also be the opportune time for the conduct of the April Board Meeting and the preparation of the Transition Plan. With the National Elections on 9 May 2022, the PSALM Board needs to prepare a comprehensive Transition Plan that will guide the next Board as it lays down policies that the Management Team will implement during the last four (4) years of PSALM's corporate life.

To maximize attainment of the objective of the event, a lessor will be contracted with the following terms and conditions:

7. Compare the original file and the modified file by checking the property size.

8. If successful, the modified file capacity size should be smaller than the original.

### Opening of Bids

1. The BAC shall open the bids immediately after the deadline for submission and receipt of bids, and on the bid opening date.
2. During the bid opening, the BAC will make use of appropriate teleconferencing software wherein all bidders are invited to participate including the observers.
3. Before the decryption of electronic bids, the Bidder shall confirm that what the BAC received and what the BAC is about to open is the same file that the Bidder uploaded.
4. The passwords for accessing the files will be disclosed by the Bidder only during the actual bid opening through videoconferencing, webcasting or similar technology. If the password fails to open the file, the Bidder should be given only three tries until the BAC could declare it to be disqualified.

5. The BAC shall open the first PDF file of the Bidder who submitted bids electronically to determine each Bidder's compliance with the documents required to be submitted for eligibility, that is, legal, technical and financial eligibility documents; and for the technical requirements. For this purpose, the BAC shall check the submitted documents of each Bidder against a checklist of required documents to ascertain if they are all present, using a non-discretionary "pass/fail" criterion. If a Bidder submits the required document, it shall be rated "passed" for that particular requirement. In this regard, bids that fail to include any requirement or are incomplete or patently insufficient shall be considered as "failed". Otherwise, the BAC shall rate the Bidder "passed" in relation to the eligibility and technical documents in the first PDF file.
6. Immediately after determining compliance with the requirements in the first PDF file, the BAC shall open the electronically submitted second PDF file of each eligible Bidder whose first PDF file was rated "passed." The second PDF file of each complying Bidder shall be opened within the same day.
7. The BAC shall thereafter proceed to decrypt the electronic Second PDF file of each On-line Bidders whose electronic first PDF file was rated "passed" to determine each Bidder's compliance with the required financial documents.
8. In case one or more of the requirements in the second PDF file of a particular bid is missing, incomplete or patently insufficient, and/or if the submitted total bid price exceeds the ABC, the BAC shall rate the bid concerned as "failed".
9. Only bids that are determined to contain all the bid requirements for both components shall be rated "passed" and shall immediately be considered for evaluation and comparison.

The BAC shall then:

- a. Record all the financial bids but should not be visible to all participants.
- b. After all the financial bids were recorded, the BAC finally shows the financial bids of all bidders and declare who among the bidders is the lowest bidder.
